SUBJECT: Posting Immunization Rates

Enclosed please find information regarding posting immunization rates for your school and the Primary Review Summary form that has the data needed for posting.

Based on state immunization law, this information is provided to schools in the spring following Exclusion Day. At the time that this was being prepared to go out, school closures occurred. Now that the school year has started, this information will need to be posted as per state requirements.

Please contact me at 503-257-1628 or by email at aocchi@mesd.k12.or.us if you have any questions or need guidance in this process.

Sharing Immunization and Exemption Numbers for Your School Facility

What do I need to share?

The law requires schools and children's facilities to share their immunization and exemption numbers for each vaccine, along with your county's immunization numbers.

Where do I share these numbers?

These numbers must be shared in three places:

- On the school or children's facility website (and on district websites for public schools),
- In the main office (or a central location if you don't have a main office), and
- With parents in paper or electronic format (for example, sent as part of a newsletter or email).

When do I need to share this information?

The law requires this information is to be shared twice a year:

- Within 30 days of the start of school, and
- Within 30 days after Exclusion Day (the third Wednesday in February)

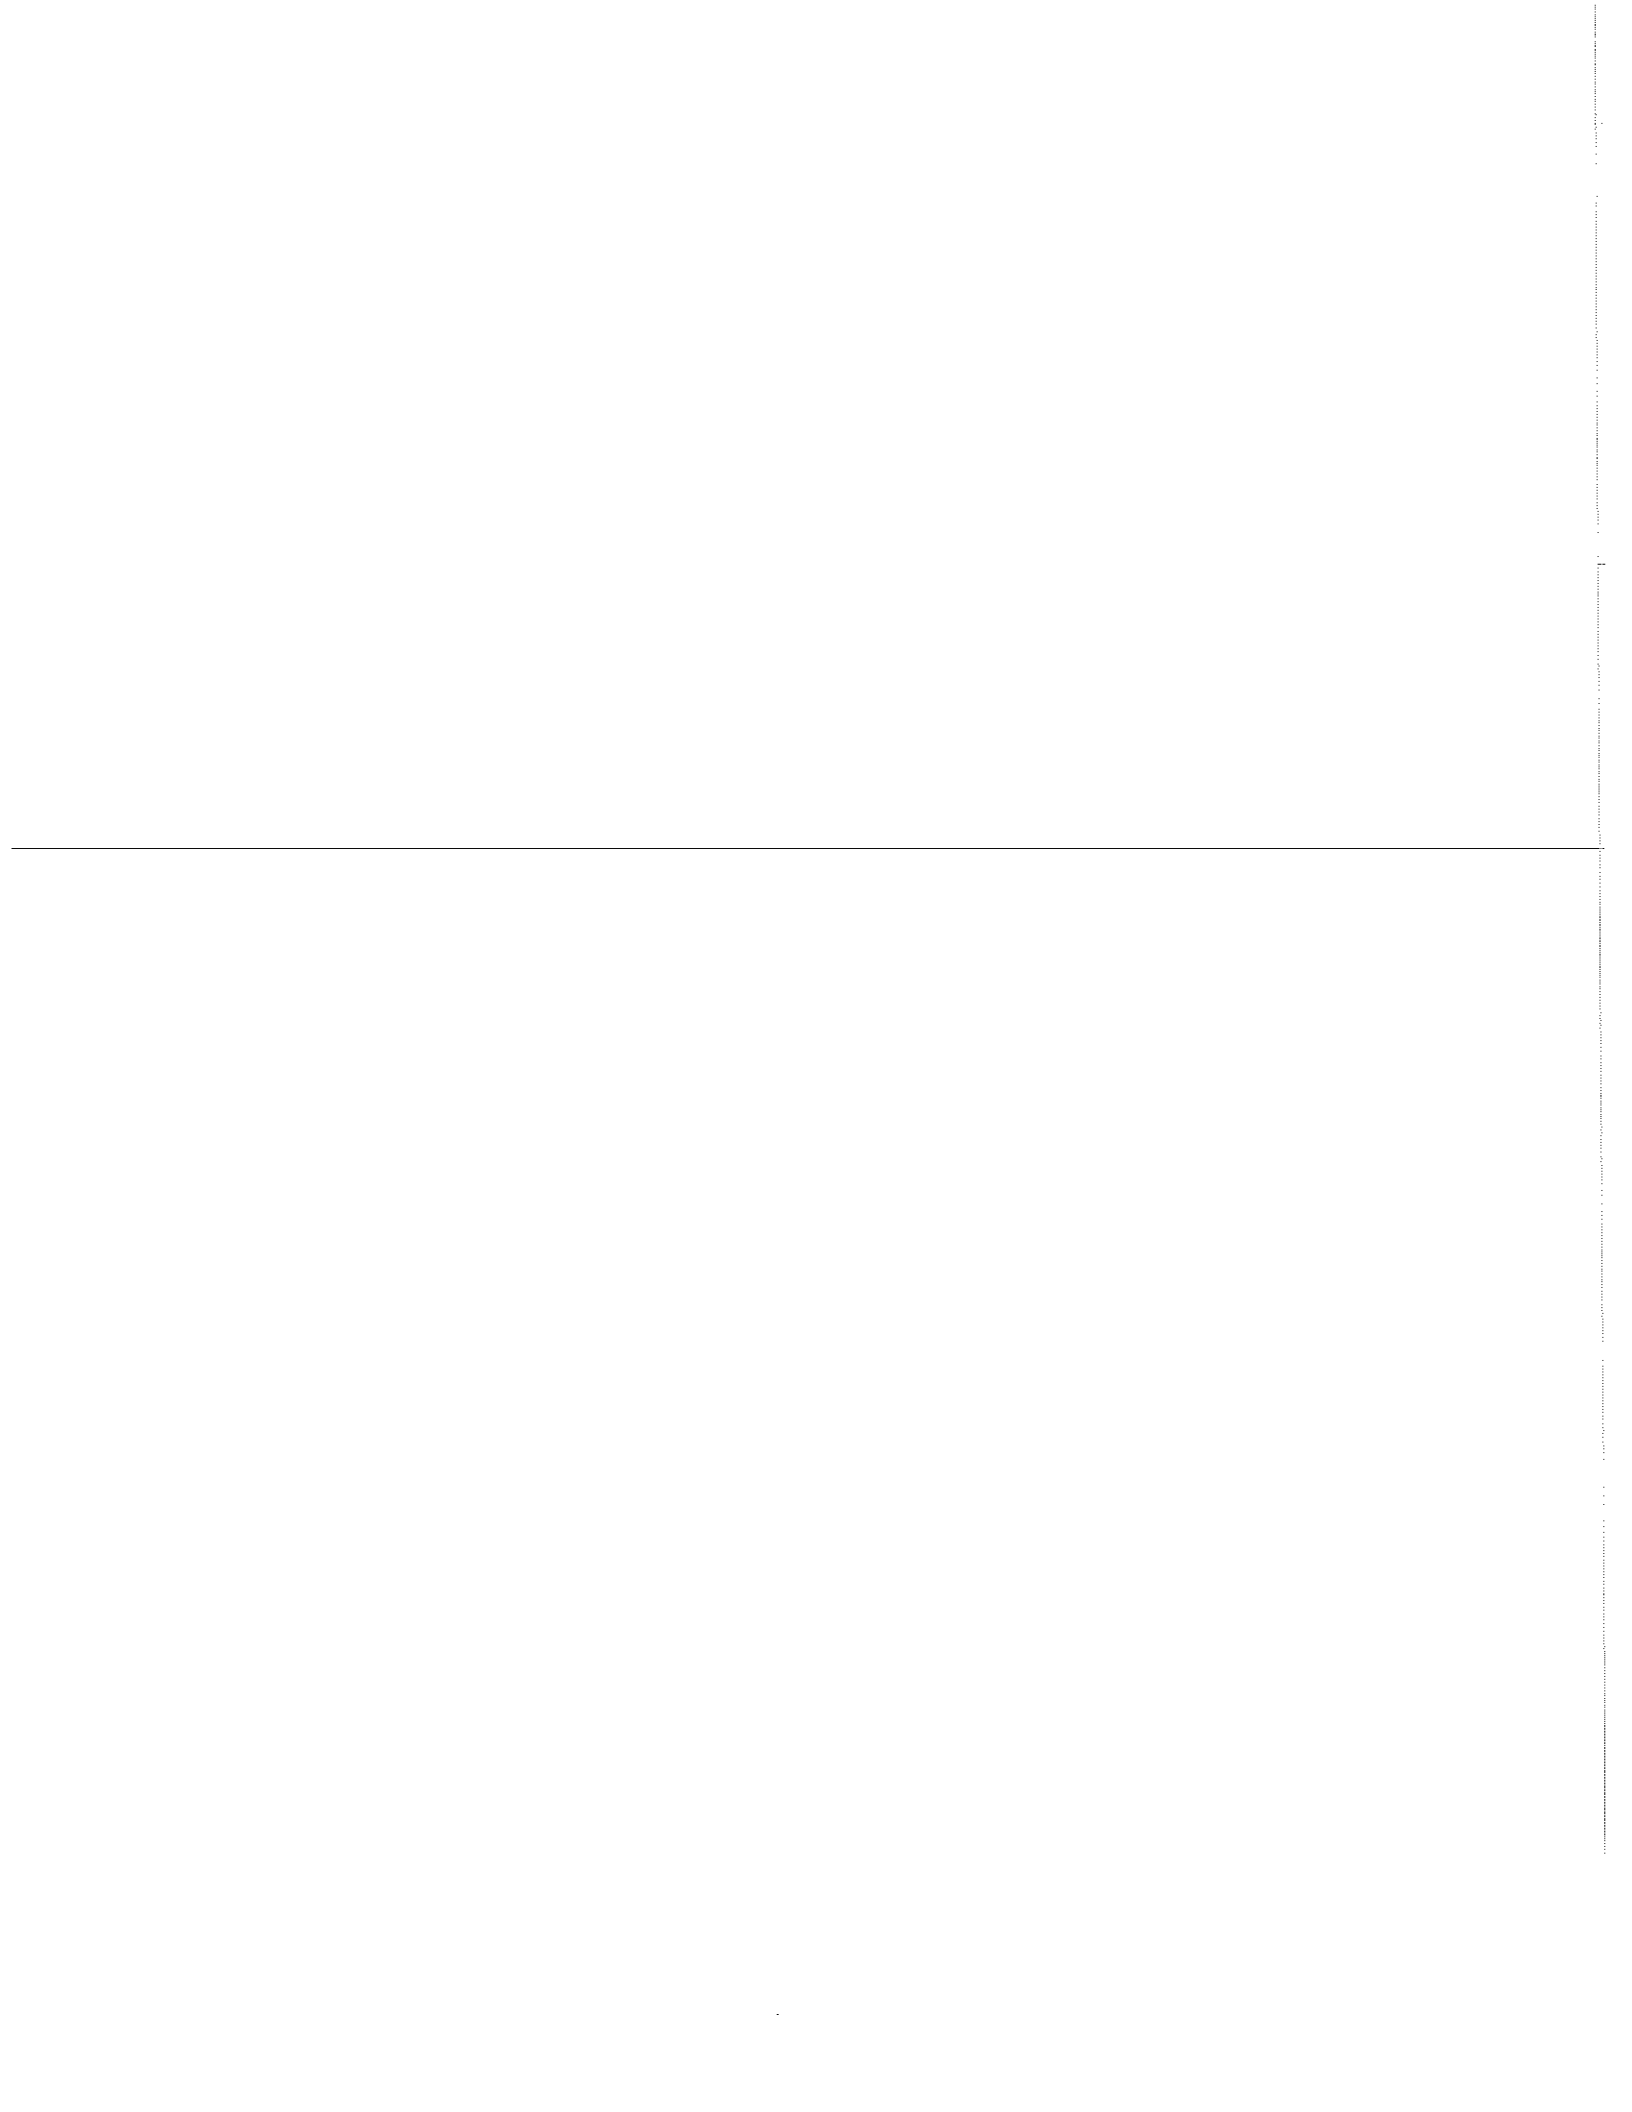

Do I have to share these numbers?

All schools, preschools, Head Starts and certified child care programs must share these numbers if there are 10 or more children in your adjusted enrollment on the Immunization Primary Review Summary, Section E (child care, preschool, Head Start or schools with pre K) or Section H (schools with any grades K-12).

Where do I get these numbers?

Enclosed you will find the Primary Review Summary, Section H printout, which has the numbers to be entered. Go to the Oregon Health Authority webpage

<https://www.oregon.gov/oha/PH/PREVENTIONWELLNESS/VACCINESIMMUNIZATION/GETTINGIMMUNIZED/Pages/SchRateShare.aspx> and select the option that you would like to use to enter your data.
